SUPER POSITION

June 10 - June 11
Foster City Library

WHAT IS SUPERPOSITION?

Superposition is a hackathon aimed at high school girls in the Bay Area of all experience levels and backgrounds. Our team is passionate about offering attendees a safe, welcoming, and supportive environment to experiment with technology. Not only do we wish to promote creativity in the projects that the attendees will create, we also wish that the girls will be able to learn and have fun. Additionally, we want to generate a larger interest and help more girls learn and thrive in technology related fields. This event is free and we'll provide the Wi-Fi, food, swag, and workspace!

WHY SPONSOR SUPERPOSITION?

Our attendees will come from varying backgrounds and different experience levels. As a sponsor, you may be the first professionals that some will come across. Therefore, their first exposure to the tech industry could be solely based on you. In other words, for these first-timers, sponsors will become what they see in the tech industry; furthermore, sponsors have the opportunity to form relationships with the female programmers of the future and can advocate for specific languages, APIs, and hardwares.

WHERE WILL YOUR MONEY GO?

100% of your donation will be used towards creating a positive attendee experience. This includes but is not limited to food, prizes, and swag. Additionally, your donations are tax deductible.

HOW CAN YOU HELP?

At Superposition, sponsors will be able to help by:
- Donating directly
- Sponsoring a meal, activity, or event
- Sending evangelists or engineers as mentor
- Providing tools to the attendees (hardware, etc.)

Any questions, suggestions, or comments can be sent to sponsor@superposition.tech.
